Customer Reviews

The perfect length for bedtime, I like to read these (or have my kids read them to me) to set the tone for a relaxed evening. I grew up with Arch books, now a family tradition!

True-to-scripture and yet interesting (a mix that's hard to find for young children's Bible interpretations).

Quick ship and, as always, great Arch book

My child just loves these books. She enjoys reading them and really learns the stories. I like the notes to parents and the suggestions on discussing the stories with your children. Really a great

way to teach your child bible stories and to show them how important it is to spend time with God.

These books are our favorite! The kids love picking out what Bible Story we are going to read! It's nice to take one of two along instead of having a big book with a lot of different stories in it!
