Customer Reviews

My son wanted Santa to bring some books about deer for Christmas. This is a nice book for elementary aged boys who are interested in deer hunting. Nice short stories. The book is especially nice because it is often hard to get boys to read. Having a subject they are interested in helps. Would recommend to parents and teachers.

I bought this book for my son, who is 8, for Christmas. He just started hunting deer this year, so I thought it would be a cool gift. It is full of exciting short stories about the thrill of hunting. I read a few and enjoyed it. I also thought it was neat that there are hunting rules printed inside the front cover. Nice touch, since that is the most important thing for kids to know about hunting!

oh my gosh...love the short stories. so true too. I bought this for my grandson for christmas.

My non-book loving boys are reading this book and liking it. This teacher is happy.

My son loves this book! This is great if you have a son/grandson/nephew who is interested in hunting. Good and interesting stories. Came on time and in great condition.

Great book my nine-year-old son loved it.

Pleased so far with this book that we gave our 9 year old son for Christmas. We have yet to start reading it yet together, but will do so soon.

Smooth transaction... Perfect!
