Gnosis Of The Cosmic Christ: A Gnostic Christian Kabbalah

Synopsis

The noble idea of the Christian Kabbalah is not so much the worship of Jesus Christ, but rather a conscious evolution toward a divine or super-humanity. In this regard, Christian Kabbalah is quite different from its Jewish roots, and Gnostic Christianity is very different from orthodox Christianity. Both are about experiencing God and evolving toward God, rather than just studying theology. This groundbreaking work is the first to present the Christian Gnosis of the Kabbalah in a practical and deeply esoteric way. It takes the reader from the basic ideas of the Kabbalah to in-depth explorations of the Tree of Life. Gnostic legends and myths of the Holy Mother, St. Lazarus, St. Mary Magdalene, and Jesus are woven into the study of the Holy Sefirot as well as commentaries on the Ten Commandments and The Beatitudes of the Sermon on the Mount.

Customer Reviews

If Jesus Christ (or Yeshua Messiah) in fact was far more Jewish than he ever was "Christian", whatever he might have been teaching on other levels probably requires we meet him on Jewish terms. Though I'm Christian by orientation, I recognize the value and power of deeply studying the Old Testament and source works of Jewish Kabbalah. Making the "translation" of Jewish principles into my own Christian experience more than just intellectual, however, has been very challenging. While many mystic-writers in the past have attempted to bridge this "gap" between Jewish Kabbalah and Christian mysticism, none have come anywhere close to the authority, precision and heart devotion which I feel in Tau Malachi's "Gnosis of the Cosmic Christ". The

structural sequence of teachings layer a picture which becomes an experience unto itself! Torah and Gospel citations equally interpenetrate; principles of the Tree of Life, the Universes, Divine Personae, etc. are grounded in stunning New Testament insights I never imagined. The practices concluding each chapter are very accessible and simply transformative. The total effect, which is certainly too much to grasp in the first pass, can only deepen through many future re-readings. This sparkling synopsis of Western Enlightenment, I believe, is a reference work for the future!

What a refreshing new look at Gnosticism and the Christian Kabbalah! This is the only book that I have been able to find that presents a clear, easy to follow view of the Christian Kabbalah, truly a revolutionary work that Gnostic practitioners will continue to reference for generations to come. The work takes the reader into the basic teachings of the Christian Kabbalah through a study of the Sefirot (aspects of God) and universes, with an excellent introduction explaining what the Kabbalah is and how to study it. and various appendices that will aid the reader in their understanding of the book. Also very helpful were the meditations at the end of each chapter which allow for a personal experience of the ideas spoken of in the chapter. This work presents intriguing ideas about St. Mary Magdalene as the wife of Jesus, Jesus as a man and a mystic, as well as many other characters often misunderstood in the Bible. This is an absolutely essential work for anyone interested in Gnosticism or the Christian Kabbalah!

This is an absolutely beautiful work that explores Christianity from a deeper, more insightful and mystical perspective, more than anything I have ever read before. Drawing on over 35 years of Gnostic study, Tau Malachi offers a unique view of Gnosticism and the Christian Kabbalah from his experience that is absent in many writings on the subject today. An incredible book that will astound readers with its incredible teachings and insights from a living Gnostic tradition!

Absolutely incredible... A must read for anyone who's into mystical Christianity and the western mysteries. Guaranteed to become a Spiritual classic and source text for Christian Kabbalah!!!

This book seamlessly weaves together esoteric Christianity and Kabbalah, enhancing both and compromising neither. Well done! Reading it is a mystical experience!

This is the book on the Christian Kabbalah I've been looking for for nine years! I've tried them all, Dion Fortune's books, Ted Andrews, Gershom Scholem, and so on and so on and NO WHERE

have I been able to find a clear, concise book on the Christian Kabbalah. Now, here it is! If you're a Christian who's into a more mystical approach, this is the book for you!

This book is quite remarkable. I learned a great deal about many areas of Christianity and Kabbalah that I had previously only wondered about, because a reliable source of information containing the answers I sought had eluded me for years. Even the word, Gnostic, used to cause me concern, but no longer. Whether one agrees with what is presented or not, one is never asked to sacrifice one's own belief system in order to appreciate the valuable content of Tau Malachi's book. His inspired perceptions and wisdom flow through his words on so many levels that there is truth enough for anyone, regardless of one's personal orientations and beliefs. The Names of God are respectfully addressed. Chants are suggested at appropriate intervals to guide one in whatever way they are seeking to advance spiritually. Meditations, visualizations, all in all....5 star reading!

Finding myself - like so many others - not completely satisfied with contemporary Christian teachings, and left with a feeling that "there must be something more", I recently began undertaking a study of mystical traditions, including Kabbalah. When I first began reading "Gnosis..." I found the material very heavy and a bit much to absorb, but even then there were passages that stood out to me and resonated with a deep, emphatic 'YES!'. I explored a number of similarly-themed books, but none left me with a feeling of having experienced profound spiritual truths as I had with "Gnosis...", so I returned to Tau Malachi's book. I believe the brief departure was exactly what I needed. Having time to absorb the concepts of the Sephirot, Olamot, and a number of other elements, I've been able to continue my reading with greater ease. I believe that this book warrants this type of earnest study and reflection - especially for one like myself who is just beginning their journey. I am, once again, experiencing the 'YES!' I cannot possibly recommend this book enough...it is simply incredible!
