I absolutely LOVE this series and I'm glad I can finally purchase the entire first story arc! Not only is the series loaded with nostalgia for girl scout days gone by, but the characters are believable and engaging, acting like real tween girls would. There are so many references to famous women in the series, as well as some great humor to boot! I'll continue to recommend it to anyone who'll listen! A

great read for young girls and adults alike!

Beautiful book. Surprised it does not come with a dust jacket to protect such a sturdy and beautiful binding, but that's ok. The book is very high quality! The stories are wonderful for young women, ages 9-16 I'd say, though I'm quite a bit older than that and very much enjoyed them. The layout of the book is interesting and engaging. The pop culture references through the book add humor and give it a sense of "realness" in the fantasy. I'd recommend this hardbound collection for any young girl who likes a good adventure!

Girl Scouts meet irreverent monsters, my favorite are the hipster yetis. A fun book for the 10 year old in all of us. I'm not a big fan of the art, it has an Adventure Time look to it, but the coloring is vibrant and dynamic. Contains the entire first storyline plus a bunch of extras.

Simply awesome.
