## Customer Reviews

This is an awesome book. I have 2 complaints, but neither are on the quality of the book, therefore I left it at 5 stars.1. Since the pages are meant to be copied and handed out, the pages should have been perforated or given a URL to download them from.2. Actually a continuation of 1. Some of the questions are directed toward a single sex, such as they are questions specifically for girls. I have an all boys class and it is not easy to just change the talk sheet. If you could go to a URL and enter your product code which would allow you to edit then download or vice versa.Overall, it was a great work.

This has been a useful addition to our family devotion time. Gives us some thought provoking questions to prompt us to think about what we've read in scripture.

These books are wonderful. I have several in the series. Every Sunday I go over the scripture for the Sunday service and then try to find one of these that will fit the scripture topic. These activity

sheets make the Bible very relevant to my students. I have ages 8-15 so sometimes we go through the lesson a bit slowly.....or I just have the younger children do fewer questions. However, they all seem to enjoy the lessons as they are given a chance to talk about their own lives and the experiences they have that relate to the Bible text. Some of the selections contain content that is too mature for the younger ones, so I sometimes edit the questions. A perfect fit for my class and I enjoy the lessons myself.
