Revelation: God's Gift Of Hope (Six Weeks With The Bible For Catholic Teens)

Synopsis

Understanding the book of Revelation is difficult enough for most adults, so it can be virtually overwhelming for most teens. In *Revelation: God's Gift of Hope*, authors Kevin Perrotta and Gerald Darring provide teens with the background information and key points they need to know to properly interpret and understand the book of Revelation, and to find in this book a message of hope and love. Designed as a guided discovery, *Six Weeks with the Bible for Catholic Teens* introduces high school students to books of the Bible by integrating the biblical text with insightful questions to help youth discern what Scripture means for their lives today. The series provides students with a clear explanation of Biblical text, opportunities for prayer, and a means to enter into conversation with God.

Customer Reviews

The book of Revelations is an intimidating book. I had struggled through it before and had been left wondering what John was trying to say. Kevin Perrotta's "Revelation God's Gift of Hope" has been a great help in deciphering the symbolic language that John wrote in. The questions at the beginning and the end of each section are especially helpful in tying the reading to our lives today. This is an excellent guide for both individual and group study.

I have used this book with a parish adult Bible study and recently purchased it for a group of High Schoolers who asked to use it rather than the "for teens" version also available. I cannot comment

on the Teenage version but appreciate this Bible study because it takes the book of Revelation very seriously, but also cuts through the abundance of misinformation surrounding the Bible's mystical conclusion. Rooted in thorough scholarship, but thoroughly accessible, this book can help group and individual readers reckon with prophecies that have fascinated and horrified many people ever since they were first written. This Bible study's greatest strength lies in the author's attempt to ground contemporary interpretations of Revelation in the meaning that they book likely had for its earliest hearers.

This book has been a good reflection about the book of Revelation in the Bible. It enhances well the bible study.

Good info to increase knowledge of youths faith. Using for our High School class CCD group. It brings a lot of discussion

Great. Very realistic presentation of the last book of the bible
