This is a wonderful anthology for all Christians. It keeps to the basics that we all agree on and includes prayers, poems, Bible stories, stories of Catholic and of Protestant heroes of the Christian faith and stories which encourage the development of morals. There are delightfully drawn pictures on every page. While preschoolers and kindergartners will enjoy some of these stories, others may take until children are in 6th grade before they understand the world enough to fully get all that can be gotten of stories they may enjoy with a simpler understanding at an earlier age. As you can tell from other reader reviews, even adults will find it an enjoyable and challenging book. I think that if you get it early enough, that it will be a book that children will grow into and love throughout the years. According to the book jacket, the editor, "William Bennett served as secretary of education and chairman of the National Endowment for the Humanities under President Reagan and as director of the Office of National Drug Control Policy under President Bush. ... and co-chairs the Partnership for a Drug-Free America." I think that indicates his motivation for writing this book and deciding what he would include in it. As he states in his introduction, "In a world that often seems full of woe, faith produces an astounding amount of good. It is the rock on which so many virtues are

founded: honesty, courage, generosity, hard work, responsibility, and self-control. It is a call to kindness, decency, forgiveness, and love. Faith keeps us from drifting by anchoring our sense of right and wrong. It lifts each person outside himself and offers a larger sense of purpose as we journey through life....
