My sons teacher uses this workbook in the classroom. But they weren't allowed to write in it. or bring it home, and she wouldn't make copies(because the school charges her for copies). This left us with no choice but to purchase one he could complete his schoolwork in.

Exactly what we needed! Now my daughter doesn't have to lug all her books back and forth to school anymore!

The best choice!! It's look like new book. I'm very happy and my son having a good works. Thanks a lot!!

The textbook came in a timely manner. The condition of the book was better than I expected. An overall great transaction.

I bought it to be a home copy to reduce the amount of books my daughter has to carry to and from school. It is a MUCH better copy than the one the school gave my daughter this year! Some minor

wear and tear as advertised but no major damage unlike the torn and crumpled pages of the school copy. I will be donating this copy to my child's school at the end of the year so hopefully they can retire one of the horrible copies they have in their stock.
