Only One Way Home: An Inspirational Novel Of History, Mystery & Romance (The Rewinding Time Series Book 2)

Synopsis

Note to self: Do NOT fall in love with Matthias Frailey—he's been dead for over 175 years! Professor Merrideth Randall's latest after-hours research project takes her and friends Abby and John to a small southern Illinois town, where with the help of her time-rewinding software they become virtual eyewitnesses to the arrival of the Cherokee via the Golconda Ferry on December 3, 1838. They cannot tear their eyes away from the unfolding tragedy—nor from Matthias Frailey's heroic response to it. The people are herded down Main Street on their Trail of Tears, bound for the Oklahoma Country, while the townsfolk only watch, or even cheer. But not Matthias. He does what he can to help them, especially a very spirited—and very pregnant—woman named White Dove who insists on walking so others may ride in the wagons. After spending so much time inside Matthias' head, Merrideth has no doubt that he is as kind and selfless as he appears to be, and so she must remind herself not to fall in love with a man who has been dead for over 175 years. Meanwhile, in the here and now, handsome Golconda historian Aaron Landis is doggedly pursuing her. And back home her McKendree College colleague Professor Brett Garrison keeps calling, impatient for her return. But are they—or any man—worthy of her trust? Too bad there isn't a way to time-surf in their heads. Now that would be a dating tool she could really put to good use!

What Readers Are Saying

- Each novel adds new historical elements and develops more excitement between the characters than the last! Love the whole concept! (Susan A Demorest)
- I think the author is one of the best I've read. (Janis Maderia)
- The story ties the past and present together with a ribbon of romance. (Martha J. Biesk)
- If you love old houses, history, and true romance, then these books are for you!!
- Everything Heal writes is riveting! I am torn between not being able to put it down, to trying to slow down, hoping to make these new friendships last! (Barbara McCaslin)
- The author doesn't shy away from shining a light on some pretty horrific history, and it's painful at times to read about, but while the history can be dark, there is hope and even joy to be found.
- Merrideth's historical adventures and her search for love and faith continue with book 3 in the series, *How Sweet the Sound*.

The Rewinding Time Series: Christian time travel with a unique twist—computer software that time-surfs through the history of old houses. It's also squeaky-clean romance, guaranteed to be flinch-free. And the kind of historical fiction you like to read—believable! And check out the History Mystery Trilogy, the prequel to the Rewinding Time Series. Meet Professor Randall as a bratty 11-year-old—and see the origin of her amazing computer program.

Only One Way Home: 19th century, time travel romance novels, time travel historical, historical fantasy romance, metaphysical and visionary, romantic time travel books, time travel series

Customer Reviews

If anyone told me I would be interested in Illinois history I would have said they were crazy, but here I am waiting for the next book in this series which will come out this fall. Deborah has such a great way of drawing you into her historical novel that you don't realize you are a history buff until you want to know what happens next. Her well researched novels are fascinating and will hold the attention of readers of any age. I love the links on her website that give additional historical information about the time period she writes about. Be sure to go read them after you finish the book. If you are looking for a historical novel with just a touch of romance this is for you. But...it's squeaky clean so you can feel safe letting your teens read it too.

Just finished "Only One Way Home" and loved it!! Ordered "How Sweet the Sound" this morning from , so it should arrive early next week. Can't wait. Read "Only One Way Home" in one sitting. It is fantastic. As are all the books in both series. Always ready for more Merri, Abby & John!

such a great idea for a series! Loving the history. Heal does a great job of weaving the past and present together and helping the reader "feel" the story. I enjoyed this book better than the first in this series. It was faster paced. I can't wait to read the next book.

Everything Heal writes is riveting! I am torn between not being able to put it down, to trying to slow down hoping to make these new friendships last! I love learning about history and enjoy the faith journey---- I can't put down.

I really enjoyed this book. Deborah Heal has a unique way of telling the story of the "trail of tears". This subject always interests me. I can't believe the cruelty imposed on the Cherokees. It was brought out well as told by her main characters as they travel back in time through their computer. Very interesting.

Once you start it you will want to read it until it's finished. Deborah Heal does a phenomenal job of hooking you on the time journey characters while simultaneously keeping you interested in the main character. Definitely leaves you wanting to read the next book but does come to a satisfactory conclusion of this specific stories installment.

Enjoyed this book so much, I bought the second in this series. Enjoyed that so much, bought the third before its' release! Writing is engaging. Characters are believable. Stories leave me wanting more. It's also more enjoyable when the grammar and spelling are correct. I threw another author's books out before I finished them-appeared that no one proofed them! This series is a joy to read.

I'm so thankful I wasn't alive in 1838. Electricity and its personal benefits have me totally spoiled. The story is compelling and I began to feel like the uninvited, silent fourth watching Merrideth's lap top. (But, I was the only blind and deaf person there, which was frustrating.) The story moves very quickly and all the characters become part of the reader's reality. Deborah Heal has found her voice.
