This is the third book in the series. I really enjoy the speculative nature of this book. It is written so well that I have to keep reminding myself that it is fiction and not the narrative of heaven's host. The story follows several simultaneous events and places which shadow events on earth as written in the bible. The different angelic species and descriptions are vivid and stir the imagination. There is a feeling that you are looking through a portal into the hidden events of Heaven. I was clinging to the edge of my seat as events unfolded to a climactic finish. The love of the Father for His creatures is beautifully captured and displayed. There is a fourth book coming with a continuance of unfinished business. I am excited and can't wait to read it. Mr Neal has done a great job with research and story telling. I applaud his efforts. This is, in my opinion, the best book of the three! This review was written as a courtesy for an advance copy of his book.

I loved the first book in this series and liked the second one ok, but this... this installment had me almost cheering out loud in the final climatic scene. The buildup was excellent, the reader becomes invested in the characters, especially the the arch angel Michael and his compatriots and I've always appreciate the author's use of Scripture to fill out the story. There were syntax errors and not-quite-good neigh editing that kept me from rating this 5 stars. I sincerely hope it's not too long before the next book!

I've enjoyed this series. My only complaint is that everyone speaks in the king's English -- even our Lord. I get that the KJV is probably the most accurate translation but the NKJV offers that same accuracy without the distracting thou's and thine's. Beyond my irritation, it makes it very difficult to understand what is being said.

After reading the first two books of the third heaven I was excited to see book number three was available. A very good read, it was worth waiting for. Just wish it could have been longer. The sad part of this book it may be a novel but for persons that have not repented of their sins and received JESUS CHRIST as their savior Hades is their future.

I read this book in one day. I couldn't put it down. It's that good. It picks up where the last book left off, so I would highly recommend getting the first two books in the series as well. Though it is for entertainment purposes, I recommend it to all. It really touches on the heart of God and his love for humanity.

You feel that you have a front row seat into the events of heaven. Each of the three books give you a chronicle of what could have been. His writing style just makes you feel like this is a true chronicle of heaven from Satan's fall to men's redemption. He captures our Savior's love and Satan's pride and jealousy then fall eloquently.

So far this is my favorite book in the series! It is still hard to keep telling myself that this is a fictional biblical story! I will wait anxiously for the next book! I have a hard time putting the books down when I need to go to sleep.

This whole series Is AWESOME!!!! I can't imagine that there isn't divine inspiration in it... What an exciting thrill ride and all very biblically sound. Great job and great book. I can't wait for the next one
