Customer Reviews

I am a second grade teacher and my new student did not understand a single English word. This book and the flash cards (also by Milet) have made all the difference in building our foundation! Thank you!

I gave this to a Somalian refugee family and they loved it! According to them, some of the words don't quite match... but I'm guessing there may just be regional differences and some literal translations.

Everything I expected. Great for using with one of my new students!

The item is fine, but not what I needed for a middle school student. It is geared for younger students.
