Customer Reviews

I grew up with this book at my grandmother's home and the stories never left me. Now I am going to purchase this book for my own children. This wonderful collection has six classic Seuss stories all in one. These books are And To Think That I Saw It On Mulberry Street, The 500 Hats of Bartholomew Cubbins, Horton Hatches the Egg, How the Grinch Stole Christmas!, The Lorax, and Yertle the Turtle. I hope you and your children will enjoy this book as much as my family and I have!

Read it to your children. Read it to your Grand Children. Read it to your Great Grand Children. Many timeless classics. The little ones will look forward to story time any time. The quality of the material was goo too.

I've been purchasing Dr. Suess books for years. I purchased them the whole while my children were growing up. Imagine my surprise to find this one so reasonably priced. I had to get it for my grand daughter, she loves it so much and hardly ever puts it down.

This book is one I've read over many times as a kid. It has six fun stories in it that almost anyone

will enjoy. When I got mine it was a little beat up but hey that's what you get when you guy used. Otherwise I enjoy reading it all the time. I would recommend this to anyone who likes Dr. Seuss.

When I was growing up every night my dad would read this book to me and my sister. We absolutely loved it. Especially "Yertle the Turtle". I would recommend it to everyone. It is a must have for every child growing up, what is better than a dr.seuss story before bed :)

I purchased this book on a hunch, and was glad I did. My kids adored the stories in this book, and it was brought out often for their nightly read. My son especially enjoyed The Lorax. A classic collection by one of the best children's authors ever, I highly recommend it.

The book is very good quality, and is durable as can be expected with a hard cover. I bought it as a gift for Christmas, the receiver was very excited by this volume.

My daughter, who is now over 30, remembered having this exact book as a child. I ordered it for her as a gift and she absolutely loved it. Great memories.
