# Midnightman (Class Comics)

## Synopsis

Yeah! Midnightman has all the advantages comic hero needs: He's good looking, muscular and has quite a bulge in his pants. By the way: He's never tired of adventures and happens to stumble from one breathtaking story into the next. We don't know why he always has to fight against hunky sex maniacs who evoke greedy, well hung demons with their fully loaded sperm cannons. But honestly: Do we care? The important thing is that IcemanBlue's comics are an awful lot of fun, damned horny and make you want more. What more could we ask?

## Customer Reviews

I acknowledge I'm new to erotic Muscle Toon art, but I had expected a lot more - and a lot better - from Bruno Gmunder publishing. Midnightman promises to be a fun, erotic read, featuring an over-muscled superhero, explicit scenes, dastardly villains, and all with a slightly spaceage blending background (and just a touch of SpyKidz fun - albeit for fans who prefer their heroes both super-muscled and priapically gifted). However, the art is erratically presented, often crudely drawn, and the rushed result looks it. Barely recommended, although I thought the captioning was great. It's not really the ideas behind the stories that were the problem: it was the execution, which is decidedly amateurish. Be advised as well, that unless it's your thing for Midnightman to share modestly "explicit" intimacies with blobs from space, you're not likely to have the rousing good time the copy promises. Vintage "L'il Abner" from the Franzetta Years - and 1961 - is a lot hotter.

A very fun set of scenarios in these scenes. I wish the sex was a little more down in dirty though.

Awesome! I love it. Wish you had more gay graphic comics.
