Age Range: 6 - 8 years

Grade Level: Kindergarten - 3

Customer Reviews

After hearing "Under the Lemon Moon" read aloud to a group of 15 kindergarten students, I knew my original assessment was correct - kids will love this story! The illustrations so enhance the author's tale that it is hard to imagine one without the other. The glossary is vital, and helped the children recognize the Spanish words in context. The librarian/reader fielded such comments as: "That girl is really nice", and "the old man shouldn't have stolen the lemons, but he wasn't bad". Then they discussed how many of the class liked to eat lemons without sugar. Several asked if they could check the book out - always the clincher!

This engaging book is a wonderful tool to help young children gain brief insight into Mexican culture. With basic Spanish included in a glossary, reading Under the Lemon Moon to your children may be the perfect way to stimulate interest in and discussion of foreign language. Perhaps more significant than exposure to other cultures, this entertaining tale teaches initiative, principles, and respect. The harmonious blend of captivating artwork and thoughtful plot make this story a must for all children

over the age of three.

I have been reading "Under The Lemon Moon" to four-year-old twins before bed every night this week. When we read, they become entranced by the story. They also enjoy searching for the characters in the beautiful illustrations. There are many lessons to be learned from this story, including forgiveness. I highly recommend this book!

Edith Hope Fine is an excellent author of children's books and they all please the children. She has received many honors and accolades for her books, as well she should. This is almost a life-long passion of hers.

Edith Hope Fine's Under the Lemon Moon is a book with a big heart. Readers of all ages will enjoy this modern day folk tale. There is much to be learned, and even more to be felt from the pages of this book. The beautifully rendered illustrations are a lovely compliment to the book's poetic text. Under the Lemon Moon is a touching, beautiful and memorable read. This book would be a great addition to your library- and a great gift for kids of all ages.
