Customer Reviews

The story would delight my two year old great granddaughter. However a 2 year old has a short attention span and would not be able to link it all together. With only part of the picture showing and all of the manipulation going on. Should be formatted to Fire HD.

Great book for object identification, easy read, entertaining, the rhyming was fun, and very

educational. I would recommend this book to anyone with beginners readers.

Loved the scenarios and easy rhyme. Lyrical books are great for reading to babies! This kept my son's attention the whole way through.

I read this book when I was read a book I love this book okay I love this book okay with the brain I now how to read

Great book, kids love the rhythm..and to fill in the words once you've read it a couple of times.
