Customer Reviews

Gave this to our 11 year old for Christmas, and it is definately one of his most read books. He loves all the information on many different things, he looks at it almost daily. His 2010 one is so worn out the pages are falling out! A good buy for kids that will keep their interest.

Bought two of these almanacs for my nephews for the holidays. They loved them -- it was educational for them and affordable for me!

My grandkids really love this book. We actually read it too! It is very colorful and informative. Even the three year old loves the cover. He says, "Taylor Swift!"
