## Customer Reviews

Lo que pienso es que estaba mas o menos y que se los recomendamos a los adultos y a los ninos. Tambien ensena muchas cosas de amistad y amigos.I think that the book was pretty good and I recommend it to adults and children. Also, it teaches many things about friendship and friends.

In Sarah plain and Tall, I think the open prarie is the most important part of the setting. Reason being, where Sarah comes from, there's buildings, air pollution, roads, and it's crowded. All though, in a prarie, there is trees instead of buildings, fresh air instead of pollution, grass instead of roads, and all the space instead of it being crowded. I didn't really like the book because it's only 58 pages long. I'd recommend this to ages 6 through 10.
